“ Aunty Camila will always be in my heart. She was beautiful and she passed all that beauty to her family. All of you will have a special part of your mother. I have felt her caring through all of you and I have seen her flare for fashion and unique dress in all of you.. She was always proud of all of you and truly loved you. I have a particularly inspiring memory of her taking me to her favorite Chinese restaurant (I think it was like Moys ? on like 27th wells). She made me feel so special that day as she showered me with the best tasting Chinese food that I ever had. It was a feast. We did not have much in those days so this was a real treat for me and I could never forget it. I saw a Queen when I looked at Aunty Camila. Later in life, I saw someone who became tired and I think that she needed to take a break from the everyday pressures of life and she may have overstayed her staycation a bit but thank God that we had her in our life when we did. She gave us all light that helped us see the good in the world. I love you Aunty Camila. Thank you for that special day.
