“ *Daniel was always a loyal friend. He was one of the most peaceful and content people I knew. He and I went on a lot of road trips together, and we both always enjoyed them. We would talk cars and women, crack jokes, and sometimes not say a word. He was always there for me, whether I had a bad day and needed a beer or just to go to a car show. Ultimately, I feel like I lost a sibling when he passed away. I will truly miss his sense of humor and his warm smile, which usually had a mischievous twinkle in his eye keeping that smile company. Rest in peace buddy, I look forward to seeing you in heaven!*

“ *I'm going to miss all the summer barbecues grandpa had and the stories that went with them. I'm going to miss shopping and eating and going on car rides with grandpa. I loved riding in the car with grandpa. The air-conditioning blasting the country music, playing softly, and how smooth his car always rode. There's so many things that are always going to remind me of him everyday. Hes still with us in our hearts that way.*

“ I remember when my Dad taught me to ride a bike. I remember when I would call him up for everything and he was always helpful. I remember when he would get us french-toast-sticks from Burger King on the way to school. I have so many good memories of my father I can go on and on. He was so positive and caring, I love you Dad!
