“ *DeJesus, I was looking at pictures and videos and I can't believe how handsome you were, how healthy you looked. In the last 4 years you were not being taken cared of, I knew you kept so much from me to spare me the pain, when you were going through your own pain. You were so good to me and to others, you were more of a friend than your so called friends were to you. I love you!!! Rest in heaven. Now your free from pain, suffering, fighting, arguing..I'm sorry I didn't know!!!*

“ My little brother where do I start. The first thing that pops in my head is the heart that affected so many people around you! You would hold the heaviest bolder on your back if someone you loved asked you too. You were always cracking jokes funny came natural to you and man could you make people laugh!! When we were kids we were arch enemies but as teenagers into adulthood we grew a bond like no other I always called you my roll dog you are and will always be my best friend!! You would call me and ask me to come make you some food that only needed to be mixed with water but you loved how I made it so I always went to your house and made it. When we lived together you will always ask me to cook and my big sister mentality looked at you like my child and I made sure you was always fed! I look up to you because you was a beast! You always made a way you always knew how to come up out of a tough situation you always made a way and I always admired that! You are an amazing daddy not only to your daughters but to others kids you took them in as your own! Your smile your soul your goofy energy will always live on in so many lives! I love you David more than you probably understood and more than I ever got to explain to you but I have a feeling you understood as your spirit watches us during this time! I love you! I love you! I LOVE YOU!!!!!! ♡ - Your big sister Nica
