“ Hi Darlin,

What can I say we did our best to fight this thing. I love you so very very much babe. You are my rock, my love, you kept me grounded in so many ways. You were my Mcgyver when I needed something fixed, like the time I plugged up the vacuum with one of the homemade cat toys you made for them. You were my key finder, you know I still need help with that. I hope you continue finding them. Thank You For The 11 Years We Had together. We were going to go away for the weekend when we blew the popsicle stand it didn't happen. Feel free to sit in the passenger seat and tell me where to drive. Baby you left such a void in my heart, in my mind, Lou keeps looking for you, he doesn't like the green chair as much as when you were here. He loved laying in between your legs. Lou decides I'm just a walk way to get to your chair. I have issues sleeping but you knew that already my cure is to sleep with all your clothes have them on your half of the bed. Just folded neatly in laundry baskets. I steal your pillow in the middle of the night like I always did. I found your Scooby-Doo pants I will bring them to you. Magic Scooby-Doo to that way you can tell him on me. Come home to visit me. I miss you babe I don't know how to do this without you. I will need directions remember this is the girl that gets lost going around the block. That's why I got the gps but it's not the same without you. I'm struggling here I've lost my way. Help me find it again ok, when I step out of line remind me. I miss you so very much. You forgot to leave me instructions on how I'm supposed to live without you. Babe I'll see you in my dreams feel free to visit anytime in them. I love you! I know you said you fell in love with me first. Truth is I fell in love with you the first date I knew you were the one. You and I were going to be together. Babe you and I have a groovy kind of love. No one ever got us joking around and carrying on, like we did. We got it though and that's all that matters. I miss you.more and more each day. Make sure you help me with that. Ok? I'm not me without you. You were taken away to soon. I know you had a long list of things you wanted to get done. Babe don't worry we got it covered. I need you still so make sure you come back to me and remind me of my tasks. Darling save a spot for me. I love you with all my heart. My work isn't done yet. So wait for me I have no idea how long I will be here. Save a video game for me, if you see my grandma, my two Aunts Mikey and Toni tell them I love them. My Uncle Greg to tell him I love him to. I love you babe see you some day. I will always be your woman.

Love your

Your woman Katie

We will never forget you Katie and hope we all can keep in touch. You're family and that's what family does. I can't express how much it meant to us for you to be by David's side till he went to a better place. I will never forget all that you have done for him. Hang in there. We'll all be with David again and he'll be waiting for us with his BIG soda mug, Mcgyver knife, Chess set and all the other things he loved.

WOW!! Katie, Crying with you as I read what you wrote. What wonderful memories you have with him. I remember David always smiling ever since I met him. He was always upbeat. He shared his life with us. He wasn't afraid to share what was on his heart, ever. He had a way to be personal every time we talked. He is really fun to be around. I'm so glad I got to know all the Kaebisch clan!! May we all look forward to see him again. Amen Love you guys!

“ David was taken from us way to early in life. Just not fair...He had so much to live for. I remember all the fun times we had when he whipped my butt in Chess and other games. I will miss him forever and he will always be in my heart. Love you by brother- in-law.

Sincerely,
Scott Maras
