“ Sending our love and sympathy to you Theresa and family and Kim and family. There are so many special memories we have shared over the years, one of them is when I had traveled to visit and you all took us to the famous Zoo and we got to see huge Samson. That really impressed Mike as he was quite small. We then go to go to the ship yards and see the big ships. We always felt love whenever we were all together, especially Christmas at Grampa and Gramma DeYoungs . Reflecting on these memories help keep our loved ones alive in our hearts and minds. You are loved. We will be there Monday. Laura (Lucas) and family One special memory is that your mom had written a letter to our mom Grace at time of moms funeral and placed it in with mom as she said it was a "private message just between the two of them".

“ When Dolores and I went to a little one room school, on May Day she took me out to pick violets and put them in a basket. Then she took me to a girls house knock on the door than run and hide.

“ Theresa and Kim,
My very deepest sympathies on the loss of your beloved mother.
Your Mom was very special to me and I remember how proud I was
when she asked me to be in her wedding. Then, when the two of
you came along, she trusted me enough to let me babysit you. I
loved her dearly and she will be missed. Memories are a wonderful
thing to have to help you in your grieving.
Prayers and love to you and your families!
