“ Many of you who know us, know that she has been a part of our family for over 20 years. You also know that we have been taking care of her in our home for quite a while as she battled Alzheimer’s and several other illnesses. Esther has been such a close friend of our family for over 20 years, that she was at our Daughters Wedding, many of our Grandchildren’s events like Birthdays, Sports, & Dance. She has also been with us to celebrate many Holidays together. Her life’s Journey was amazing and filled with generosity for others, leadership in difficult times, and concern for those in need. This is evidenced by taking care of members of her own family when her Sister was diagnosed with TB and then helped to raise her 2 Nieces & Nephew during this time. Esther was in the Woman’s Army Corp during WWII and worked at the VA For over 30 years. Esther was never Married, in part due to the responsibilities she took on, service to country, as well as dedication to her work. She was always a person who gave of herself freely, and deserved to be taken care of when she became ill and tired. On Thursday, Esther celebrated her 101st Birthday at our home, because the pandemic had canceled the gathering we had planned for her. As of that afternoon, she still had smiles as we read her the Birthday Cards, Shared in Blowing out the Candles on her Cake, and even opened gifts. We all didn’t know this would be her last moments of joy. Soon after the small celebration, her body took a swift turn for the worst that she simply could not overcome. Over the next few days, many sleepless hours, and perhaps one of the only battles this Stubborn Finish Woman didn’t win in her life, she finally gave up the fight at 10:22p.m. on March 21st.

Words cannot express the sadness We feel knowing we cannot share in any more memories together. We can however, rejoice in the memories and gift of her Spirit in our own lives. Please enjoy these pictures as a testament to her Life and Spirit that she shared with all. We would like to thank Darcy, Kim, and the Staff at Vitas Hospice for all their support, care, and love they showed towards Esther over the past few months. Your help was greatly appreciated and we can’t imagine getting through this without each of you.

R.I.P. Esther, and thank you... for all you gave to everyone throughout your life. You will be surely missed.

Esther was the Chief of Ward Administration at the VA Hospital and she hired me back in 1962. She was an elegant, refined and very fair boss. I don't think anyone ever had anything bad to say about her. She dressed beautifully, always had her hair just iso and I was so happy to have known her. She was so respected.
