“ *Jerry was a good man and always a joy to be around. He was always in a good mood, presenting the world around him through a friendly dry humor. Unlike many he did not need to attack anyone to depict the events of the moment from his unique and humorous perspective. The world will be a little more bland without him. Wish life had allowed us more time together.*

“ I love you and will miss you dad! You were such a wonderful and supportive father and I will always hold so many wonderful memories of you. I will always remember our family camping and fishing trips, great times at the cabin, how you taught me so much about being able to care for my home by learning how to paint and do electric work. You were always someone I could go to when I needed help and the life lessons and love that you gave me will remain deep in my heart always! I know that Jesus was waiting for you with open arms.
