“ My dearest Aunt Gloria,

I would of wrote sooner but couldn't find you! I think of you all the time when we used to laugh on the phone and my visits. i am very lonely without your laughs. I tried to make you laugh as I know with your sister how lonely life can be at times. I miss you so much, not cuz you are my mothers sister but because we talked alot of things and shared alot and you and I had a great undertanding. Im sorry you had to go through so much. You had a big heart. Atleast now you are out of your misery and your with the angels singing..... God always takes his angels first. Guess I'm not one of his angels yet, lol I love you Aunt Gloria, I tear when I think of you and its no joke either. , Your niece, Gail

“ My dearest Mother,

My heart is broken. Why did you leave me? I know it was time to go with all that you went through but you and dad had a Great Life, all your traveling and casino stops! I will never forget all the memories we had on our shopping trips and craft fairs. You were a Great Loving Mom don't ever forget that! I guess death is a part of life (my life which I can't except and never will) but I know your in dads arms now as happy as can be. Please look down on me from time to time and watch how your Great grandkids are growing. They too will never forget their GG. Love you and miss you so much. Dawn and Dean

Your loving daughter Dawn, and Dean - April 05, 2024 at 05:20 PM
