“ My first recollection, as a young school age child, at a one-room schoolhouse, is Hazel, (later to be my Aunt Hazel, married to my Dad's youngest brother, Martin) waiting quietly and patiently for the bus to take her to the High School in Ashland, WI. She was always kind and loving and caring to everyone. I will miss her calls, too, and the privilege of praying with her.

*I took care of Hazel starting in 2016 after taking care of my father in law until his passing in 2015. Then Hazel needed help as her dementia started to change. I was her caregiver until 2020, when she started showing more signs of needing more help that I could provide. So I found Matthews of St. Francis Assisted Living where her best friend Flo was. I still was her POA until her passing. During all these years, we had grown deeper and closer. She really depended on me, and that's ok.....cause I felt she was happy and sincere knowing I was still there for her. She called me every day, several times a day. The past 2 weeks was getting harder for me cause those calls were getting more scarce but that's because her dementia was changing more. The best thing I miss is when I always said after each call, "I Love You, mom", and her answer was always "Same here"! ❤️
So now, I feel she is at peace and I feel great full that I could help her and the family for all these years. I already miss her daily calls. I will miss her very much.....R.I.P.*
