“ *My sincerest condolences to you. I taught with Heidi, sat on many committees with her and am very happy that our professional relationship continued until she fell asleep in death. She was a caring, "get it done" person who is already being missed. We need more Heidi's in the world. Thank you for sharing her with us. She really touched so many people with her wit and desire to make better electricians of those who wanted to learn. She will not be forgotten by me and many others who truly appreciated what she did for the electrical industry.*

“ I am so sorry to hear of Heidi's passing; she was our apprenticeship instructor when we were the first telecom class, and a beloved one as well. She will be greatly missed, my deepest condolences to her family and friends. She was a great inspiration to me, in many many ways.
