“ *I remember meeting Berto back in the Tequila bar days. He had a smile that lid up a room. Not too much after he started dj'n at tequila bar and always had the crowd dancing! He was a great dancer himself!!! Most of the nites we made sure we danced a song or two. He became very loved in the community for being genuine, kind, funny and humble. When ever I saw him dj'n at any other bars I made sure to say Hi and his bright smile always followed. It was great to see how he was mastering his skills and how much he loved what he did. It's undeniable the impact and effect his has left in our community. You will always be remembered. It's very sad to know you are gone to soon and my condolences go out to his family! RIP Berto 🙏*

“ I had the pleasure of knowing Humberto since High school at Pulaski. Although he was younger than me he was always more mature than most guys his age. He had an older soul yet still friendly and goofy yet respectful. He always had a smile on his face. As years passed I'd constantly run into him Dj'ing at all the Southside spots Bamboo, Jynx, Points View Boite, Rumor. You name it, we been there. I remember every time we bumped into each other or I walk into the club he always had a big smile & immediately gave me a big hug and told me I could hear whatever song I wanted he's like I got you , wherever he was. I'm going to miss seeing that smile and that face up in the booth and the warmth he always brought to the room. You are loved and will be truly missed. My condolences to the Suarez family. Rest easy brother. Love Divina ❤️

“ So sad to hear about the loss of Berto. He was a sweet soul that truly had a passion for his family and business. He was very talented and the most amazing DJ around. I met him at a Quince. He was so down to earth and kind. I was impressed at his dedication and love for his business. I even dragged him along to a business networking meeting. I was proud to have gained a friend in the wedding industry, and another hispanic business owner to look up to. I've only known Berto for a few short months, but in those months he was active on my social media. We would talk about our dreams, our kids, and passions for our gigs. He was a cool guy and I'm going to miss him! My prayers to his family and friends who are mourning the loss of Berto.

“ My deepest condolences to the Suarez family. Our children went to school together and I had the pleasure of chaperoning a few events with Humberto. He talked so passionately about his businesses and goals, he was such an impressive person. Every morning that we crossed paths he made sure to say hello. Such a joyful person. He will be missed.

“ Berto was such an amazing person to be around, he always had a smile on his face. He was a great dancer too. Everytime I seen him out or we were at work together we never left without dancing to at least one bachata song!!! Gone to soon, but always in our hearts!! My thoughts and prayers are with his family.

“ Berto and I met when he helped me through dental hygiene school by showing up to be my patient every semester. The other classmates were jealous of how much fun we had at each appointment. From there he became my Wedding DJ and more importantly my friend. At my wedding Berto surprised my WWE obsessed husband with his very own Championship belt. It is still one of our favorite memories of the day.

“ I met berto when I worked at Los mariachis he was the first dj for our Latin nights. He brought me and my friends into the club scene to support his passion, we always showed up for him. Our friendship developed for years, he even returned the support of my passion and was a model for me in beauty school when nobody else would. Where there was berto there was FUN, there was a guaranteed smile, so thankful for all the nights at bamboo, rumor, mangos, any after set, even concerts. He always looked out for his people. I'm thankful to have such great memories. He will be so missed.

“ Humberto has been our tenant for the past 3 years, sharing our duplex. I have never in my life, met a more respectful, more kind individual than him. Every time we spoke, he had a kind word, or smile, and never seemed at a loss for words. I never got the feeling that he wanted to be elsewhere when we chatted - he was so present, always. His face would light up whenever he talked about his daughter or his business. My heart breaks for his family, but I know that heaven got some better tracks with him up there. Humberto, you will be missed forever.

“ My family and I had the blessing to meet Berto for my daughter’s Quinceañera. I remember the two times I met him prior to event I was stressed due to all that had to be done and planning it all on my own. I shared to him my fears of being a nervous wreck and losing it and he calmly reassured me not to worry about the crowd, just enjoy the event and he will make sure the night runs smoothly. I felt so encouraged by his words and support. Thank you Berto for the light you shone on everyone who crossed your path. Your kindness, hardworking and genuine character are qualities for us all to remember you always.

“ I met Berto in high school. He was the first DJ to provide me with the opportunity to open up my first club event as a DJ! He always believed in my skills. We learned from each other. He thought me how to mix different genres to make crowds dance and I thought him how to rock the mic. This man became one of the most versatile Latin DJ's in Milwaukee. Your presence will be missed but never forgotten brother.

Prayers and my condolences to the family.

“ I met Berto in the club scene, I started out as a barback and then started promoting social events. Whenever he dj'd at any of those venues we would always chop it up and I would let him know how much I appreciated his work which livened the crowd and had everyone entertained and full of energy the whole night. He was an amazing and kind hearted person who was a master at his craft. Love you bro. I pay my respects to him and his family. God bless you.

“ I met Berto when he came to my house for a networking event. He joined my team and was a pleasure every since. We vibed and he was always in good spirit, hard working and putting on a smile.

Most people never went on to create a business and brand for themselves except for Berto and I.

I was always seeing him progress and take his marketing to another level. I was very proud to see his success.

It's truly sad he's gone. May God bless his soul and my condolences go out to his family.

RIP Berto.
