“ *Joann was a special and gifted person. She helped me feel welcomed and was a great help to me at First Weber. I could always approach her with anything and she would help me. She always went above and beyond for me and others in my office. I really felt that I could not do my job with out her. I could go to her with any scenario and she would always have the answer. So smart and good at her job. Thank you George for sharing her with me. I will miss her alot! Billee*
