“ *Joshua J with a K -
I've really been struggling. You always held a special piece of my heart. You were there through my darkest days. I'll forever be grateful for all the times you literally saved me.
My loyalty to you is as deep as it could possibly run and I know yours was too.
A lot of people were uncomfortable with how close we were but that never put a wrench in our relationship.
You were the absolute best friend. My brother. The only person I could call and count on. The only person who didn't judge me.
Through thick & thin we always had each other.
I love you so damn much. You'll forever be my side boo 4 life.*

“ Josh,

You were my best friend, the only true brother I had. Life going on without you doesn't seem right. I feel like I just talked to you yesterday. We have been through it all together bro since the day we met at Ewald. We always had each others backs and were there when it counted. I wont ever forget that and I will always be there for your family. I just feel like this isn't real bro. Life will never be the same without you man. A part of me died with you on 10/6/21. I just am glad you are finally at peace. I could say so much more but we always promised to take everything with us to the grave. I Love you my brother

We've had our hard times but you always knew how to make me laugh, put a smile on my face, and always showing that you care when I thought no one else did. You were truly my best friend, and we've gone back since middle school, so thank you for your friendship and I hope you're resting with the Angel's. You will always be in my heart!*

“ My dear nephew,
We may not have been blood, but you have been in my life since you were so little you may as well have been and I love you just as much as if you are. I have so many memories, I wouldn't know where to start, so I will just say, every time I make spaghetti I will think of you and wish you were here to share it with me, you knew if you wanted it all you had to do was call and Auntie would make it for you if you were in town. I will miss you and that smile and the way you used to give me crap every time you talked to me. You are with your cousin Jenna now, you two have ten years to catch up on, hug her for me please, I miss my baby girl so very much. Until we meet again.....Auntie Dea 💙

“ Josh,
You were a brother to us and we miss you so much. I'll never forget going to the casino and you were on fire winning every hand at the black jack table. You kept giving me your winning casino chips and I would stash them in my purse for you. You cashed out big that night. I can still hear your voice in my head when you and Alex would talk in your New Yorker Italian accent saying “Fuggetaboutit” You were the type of brother/friend that always had our backs no matter what. You will always stay alive in our memories and hearts. May you Rest In Peace ❤️

“ *A million times
I've needed you
A million times I've cried.
If love alone
Could have saved you
you never would have died.
In life I loved you dearly,
In death I love you still.
In my heart you hold a place,
No one else can ever fill.
It broke my heart to lose you,
But you didn't go alone
Part of me went with you,
The day god took you home.*

Josh, its been 2 years and I'm still here googling your obituary I don't know why I just miss you so much. It's been tough and it still is. I wish you can see how much you have missed. I had all and then most of you

Some and now none of you

Take me back to the night we met

I don't know what I'm supposed to do

Haunted by the ghost of you

Oh, take me back to the night we met
