“ Dear Robert,

I seen strength, determination and courage from my sister in law Karen. She realized her body was failing and Karen choose for no intervention. I believe she was letting us keep her comfortable, oxygen so she didn't have to labor breathing. But the strength to stay at home where she was the most familiar and comfortable with her loving husband It was her way of saying goodbye, stay strong and carry on. Be there for one another.

All around Karen should just respected her wishes, keep strong and at peace with one another. It's like let me go, but let me know, you were all there for me..taking the final walk..you were right there beside me.

I appreciate you, I'd like to say thank you and I believe this is just the next chapter in the book of life. It's now onto eternal life, I'm going on to Heaven, to meet the King of Heaven "Our Lord Jesus Christ".

I know Karen believes in God. It was very important to her at my mothers passing, there was a crystal figure of Jesus and cross. Karen requested the Jesus crystal., I was happy to gift it to her. It told me enough that I may tell you of this exchange.. Karen is a believer.

My final words of my sister in law are: Karen was a strong woman, a kind woman and a smart woman with a lot of common sense. Karen ran her life her way.. a true American .We will miss her for now... but until we meet again, may God hold her in the palm of his hand.
