“ My love, you left us too soon but i guess it was your time to go. I kept your promise on graduating before you left. You gotten to see me cross that stage. I dont know how i can do this without you, but i promise i will keep on fighting to keep going. I miss you and i love you i hope you can now rest easy. I could have sworn on the 4th of July you called me jammie. Thank you for coming into my life that day. I will never forget all the times you would help me to being there when i needed you the most. I still need you but i know not to be selfish (you taught me that) i know everything has a time clock and when it stops it stops. (how ironic you also taught me that) i love you. Forever and ever. Until we meet again.
