“ *Was saddened to hear we lost Leslie. Our family seems to be dwindling losing another cousin way too soon. Glad I was able to spend time with Vivian, Gina and Leslie on my last work trip to Milwaukee and we had some time to catch up. Will always be grateful for our family memories. Rest in peace - Love, Cousin Lori and family*

“ Leslie was a remarkable person. I knew Les 35 plus yrs. We met in computer class and had so many adventures, remember when we started learning they were still using basic language & Fortran, dummy printers & and reams & reams of green striped paper & plus something called carousel computer , 3 separate screens had to be used. We were fortunate to be able to use NorthWestern Mutual Ins Computers & Printers . We spent many weekends all day and evenings trying to write and print our assignments. Yes, Alcohol was involved when done!

We were fortunate to have mothers that became friends and we had many many many Saturday breakfasts as a group. After a few years we settled on one restaurant. The owners became friends and joined in reviewing our vacations, weddings and learning the history of Milwaukee from Les mother, whew that woman knew so many people.

Those that knew Les:

-knew how giving and caring she was. If you were feeling ill she would show up on your doorstep with home made chicken soup, as she did for our family more than once.

-knew that she love LOVED to shop!

Clothes, food, Antiques, jewelry

My bank account will miss buying many needed items. I will miss you my friend.

I saw a saying that reminded me of Les, “it seems they had been and would always be friends. Time could and would change much but not that”!

“ When we moved into the neighborhood, Leslie was the first neighbor to introduce herself. She brought us homemade split pea soup with ham, and even though we were vegetarian at the time, we ate it!

We became friends with Leslie quickly, bonding over gardening and food. We would often take her a serving or two of whatever we were cooking or baking. And she stoked us with endless amounts of giant zucchini and fresh basil.

Leslie was a very good listener and remembered everything. Always checking in on us in hard times and celebrating with us in good times.

When our son was born, he was in the NICU for 21 days. Leslie, even though she was busy caring for her sister, was supportive and loving. She gave us the outfit that he wore on the day we brought him home from the hospital.

He had a very special relationship with her and will miss her very much. They were always talking to each other about Alfie, the garden, bugs, and even ghosts.

The neighborhood will not be the same without our dear friend. We will try our best to continue the "scotch on the porch" tradition!

I knew Leslie over 20 years in the neighborhood. Through military deployments and long shifts she was always a neighbor who would check in and have a real conversation, how neighbors should. I'll miss the Christmas cookies Leslie. You'll be missed greatly

“ *Leslie was my next door neighbor for 31 years. She loved to thrift shop all over the south side. Her gardening skills were phenomenal and I admired how her back yard had a 'Key West' vibe. She was instrumental in keeping our neighborhood safe & unified. She was a strong woman & fighter to the very end. ❤️ RIP Leslie*

You were the best neighbor anyone could have asked for Joanie. It's impossible to mention the amount of times you helped Leslie...meeting at the fence is something I'll always remember. The times you Jean and and Jane took Gina to the Brewers games meant the world to both of them.

I went to school with Leslie and met her at Morgandale school for voting and at various grocery stores over the years. She would always stop and talk to me if she was driving past our house. I will miss seeing her in the neighborhood.

It's with a heavy heart for the loss of Leslie I write this, but I rejoice for Leslie to be re-united again with her family that I know she loves so very much!

Leslie was/is my cousin. She was funny, super intelligent, loyal, and a very caring person.

She dedicated her life to her family. And is very respected for it.

Leslie and Vivian often spoke of the wonderful friends and neighbors they had in Milwaukee :)

I have great & memories of when Leslie, Gina and their parents visited Colorado when we were younger, and later when Leslie came out on her own to visit my family.

We all enjoyed their visits and my Mom & Dad loved taking them to see the mountains!

*I grieve for her loss because she's no longer here on Earth, but wish her *All the Love, Peace and Happiness in her new life in Heaven* !*

She will always live in my heart - May our families be together again in Heaven when our time here on Earth is over.

God Bless You! May you be free, at peace & very happy!!!

Love Always,

Cousin Karen
