“ *My Momita was always a happy woman and everyone was a pendejo or pendeja to her. She didnt mean it in a bad way it was more of a way to let you know she loved you. The best time we shared in my opinion was when I took her out to eat at her second favorite buffet Golden Coral. She reached in her purse to pay for my son,girlfriend, and dad. I took my hand and placed on hers. She looked at me funny like what the hell are you doing as I was receiving this look I told her I was paying her eyes light up. She said oh you have money let me get some. I said momita how much do you want. Her response was price less." Let me get it all" as I reached in my pocket to give it to her. She just smiles and says pendejo I have money. Lol I love you momita may you have peace to rest in paradise. Love your grandson always Tony*
