“ *I remember the first and only time I met Mary, was when Nikki first moved to her apartment in Green Lake. Mary was very happy for her, and was there to help her unpack and settle in. I was so happy for Nikki, that she had parents in her life that gave her love and support, and were there when she needed them. From all the things Nikki & I have shared together, I know she has been deeply loved and cared for ♡ and Mary will be dearly missed by many. ~Barbie Rosenthal*
