“ Noel and Joanne were 2nd parents to me all through my school years and young adult ages. They were my parent's best friends. We all were Family. Us eight kids were more brothers and sisters than blood could ever be. Noel and I started communicating again about 3 years ago at the Moose Lodge when my band started rehearsing in the basement twice a week. "HEY TOMMY, Come here" The "Hey Tommy" Sound was the same through my Whole life! He Always took the time for a joke and a story for me and "Guy Talk" and I couldn't get away to rehearse for 45min. He would come down and watch the show and bugged us every time to play there! I would say Noely, we play Metal I don't think they'd appreciate our style. He didn't care he said we'd liven these old farts up! He was Hilarious! He's gone but was a Huge part Of growing up for me. I learned so much from him, different perspectives from my Pops but both were important. I Respect Him I Love Him I Wouldn't Be The Man I Am Without Him. Say Hi to Joanne in Heaven for me!

“ Noel and I worked together at the Milwaukee Police Department Data Services for many years compiling City Crime Statistics – including crime numbers that were sent to the State of Wisconsin and the FBI’s Uniform Crime Reporting. Noel was the best, he was the most accurate and precise statistician that I ever knew. Whenever the crime statistics were ever questioned by Police Commanders or Politicians, all I ever had to state was the numbers were prepared by Noel. That was the end of any questions; Noel was very well respected.
