“ Jodi and family, I want to extend my deepest sympathy to all of you for the passing of your Mom. I'm hoping that your fondest memories of her help to comfort you through this tough time. As a child I saw her personality as such a "unique, cool and fun" lady. Her love for Elvis was huge! Jodi- I recall when we would be playing outside at my home and you saw your mom getting in her light blue car (Grand Prix?) I knew play time was over. 😞 You would go running to be with her. My heart goes out to you. I will keep your family in my prayers. God Bless you all.
