

Peter A. Mueller

March 30, 2023

Passed away peacefully on March 30, 2023 surrounded by family and love at the age of 70 years. Beloved husband of Christine Mueller for 20 wonderful years. Proud father of Matt (Janelle), Dave (Noeli) and Pete J. (Lydia) Mueller. Loving Step-father to Brian (Amy) McGrath. Pete was over the moon to be Papa to Cece, Ellie and Billy McGrath. Preceded in death by his parents James V. and Marion (nee Bleyer) Mueller. Further survived by his brothers Jim (Sally), Chuck, Bob Mueller, his former wife, Sandy Hafemann and other relatives and friends. Pete was a jack of all trades and a master of one. As a master electrician, he owned and operated Light House Services, LLC for 19 years. He was the guy that could fix anything and was always available to share his handyman knowledge. Christine introduced Pete to his 'up north' happy place, Lee Lake, where he served as both Vice President and President of the Lee and Underwood Lake Conservation Club. During that time Pete made many friends and a place for himself in the lake community. With a plan to build their self-designed dream home on Underwood Lake he and Christine retired to 'up north' but the universe had other plans.

The family would like to thank Dr. Shah and his team at Froedtert Hospital; Jenna PA, and Tina RN for their care and compassion. Special thanks to Diane Nuskiewicz and Sara Perkins for their unwavering support.

“ Pete lived in our Tosa neighborhood for years and was as gracious a man as you would find in volunteering to help others out but especially when "electricity" was ever mentioned. Christine...from the WHNA...all of our best going out to you and Pete..we're all better off having met you during our lives. Enjoy your eternal reward neighbor.

“ Sorry for your loss, may God be with you during this difficult time, may the memories you made always be close to your heart. Pete always had a smile on his face and a joke to tell. Always willing to help out anyone. He will be missed.

“ We sure were lucky when Pete stepped in as our electrician and overall building advisor for our attic rehab. There are so many design elements and ideas that we can attribute to him. He was a blast to have around during those weeks/months. There wasn't a little bit of just about everything that he didn't know something about. We'll miss you!

Pete will be greatly missed. Pete did alot of our electrical in our house. I always asked, don't you want to turn of the electricity when he was working. He would always say no, then joked that he got a shock. Kept us laughing! RIP Pete!

Beside Pete being talented in so many ways, he had a great sense of humor. Elizabeth Sundeen

Breaker, breaker. Pete and I cruised the freeways looking for disabled cars back in the 70's when CB radio was big. His handle was "Lighthouse" and mine was the "Red Baron". He was a good-hearted guy even back then.

Had to add a little more. I lived a block away from Pete in Shorewood while we both were at Shorewood High. I was a year or two behind Pete. I knew his brothers Bob and Chuck (Bigred and Shark on CB radio). I spent many hours at Bigboy on Oakland with Pete just talking and driving around the suburbs talking with other CB'ers. Though I hadn't seen him since '73 when I graduated, I always thought of him when I stopped at Amateur Electronics (now Ham Radio Outlet) that we frequented when they were on Fond du Lac Ave. Funny how some people stick in your memory as the years pass.

Will always remember the weekend Pete snuck in to fix some wires that were scaring me half to death! What a hero!
