“ *My Dear Friend Richard was my neighbor in our apartment building and lived right across from me. He was the best neighbor and person ever! He always had a smile on his face no matter how sick he felt! When talking to him one time, we ended up finding out that we went to the same Grade School (St. Michael's) and High School (West Division) only years apart. I showed him my collection of "Nuns" and ended up giving him the one with the nun holding the ruler! We laughed so hard! He was always fun to talk to and so nice to everybody. We are all really going to miss him in our building and that's an "understatement"!!! I know he suffered a long time and fought hard so at least he is at peace now and for that I'm happy! My daughter and 3 grandchildren also loved him and are sad he's gone! They are worried about his cat. Every time I go out of my door, I expect for Richard to be there to say hi. I'm already missing him so much! Rick and Renee, it was so nice meeting you both and seeing how well you took good care of your dad! I hope you have peace with knowing he is an angel above now watching over you and your families. God bless you Richard! I will really miss you! :(*
