

Roberto A. Terriquez

April 24, 2022

Roberto A. Terriquez, 37, of Milwaukee, WI, passed away unexpectedly on April 25, 2022. Roberto leaves behind two teenage boys, Izaiah, 17, and Julian, 14, his beloved sons.

Roberto was born on February 24, 1985, in Los Angeles, CA to his mother, Maria Tirado, and his late father, Juan Terriquez. He grew up in an impoverished neighborhood, but very much a happy child. Some of his best memories were running the streets of LA with his friends causing mischief.

After high school, he started his first job at Total Seal Piston Rings as a machine operator. He remembered being very young and being the one that figured out how to grind a piston ring to size. He, then, dabbled with various construction jobs and other labor opportunities.

Roberto's hobbies included football, boxing, and spending time with his sons. He was an outgoing, fun-loving person, the family jokester. He loved spending time outdoors during the hot summer days and enjoyed grilling out with his family.

Unfortunately, Roberto got involved with drugs and alcohol at an early age. This became a habit and a continued cycle of relapses after many attempts to live a sober life with the help of different rehab programs. Roberto fought a

long battle that he was not able to win. He will be remembered as the joyous, sober person that his family admired. May he rest in peace.
