“ I will always remember you playing the spoons, I was amazed by that! You always wore a big smile and loved to laugh. Thank you for taking me to Lake Tichigan, me and Susie always had so much fun. You were an incredible man, I'm sure you and my Dad are up to no good in heaven!! Maybe playing horseshoes.

“Dad, I'm glad you have eternal peace. You suffered so much. We were helpless to comfort and care for you. Which broke our hearts. I will forever live with the lessons you taught us, to be helpful and kind, and above all respect people, especially your elders. Your sense of humor was a gift. It is the trait from you I cherish. Look down upon us all, and there are many. Keep guiding us in the right directions. You will never leave my heart. Susie❤️
