“ Mrs Schauer 's was so sweet every time we spoke. She would never fail to remind me how much she loved my mother as good friend and missed her so. But I remember also how kind she was when we were kids in the neighborhood. One time she paid me and a couple others to swim in her pool! Evidently she needed it stirred up and we were the men for the job! My sympathies to Bob, April, and Ethan. Ruth went out of her way to be kind, if everyone were like her what a world it would be. God bless,
