“ One of my favorite memories of Mom was her love of reading and she passed that on to us her children. Thanks to her I have ridden dragons, piloted spaceships go the farthest reaches of space, fought with elves and dwarves to defeat a horrible evil in Middle Earth, been a boy wizard doing likewise in his world too many to list here. For us a trip to the library was an adventure for all of us kids. Having her read *The Wizard of Oz* to us was the best because all six of us shared Dorothy's adventures there, it was something I did for my children as well. Mom I love you and miss you so much thank you for being the beautiful person that you are.
