“ *To the Rozga family,*

Please accept my sympathy with the passing of Mr. Rozga. I met him a few times ay funeral director functions and he was always afforded the respect he deserved by his peers. People sometimes forget that caregiving funeral directors need to grieve when they have a loved one die, yet the public assumes the funeral director does not need the support that others do when coping with a death, that we are used to it because we live with others grief everyday, that we have the answer for grief and don't feel the pain. I know and have experienced this feeling and want you to know that my thoughts and prayers are with you at this time. Please let me know if there is anything I can do.

“ *Tom, You have been a good and faithful servant here on earth and to our Father in heaven; Your family's faith attests to your faith. You have been a leader among men in every way; it is fitting that your final flight clearance is into sunny blue skies and you are cleared all the way to Heaven. Your family is better able to make it through this difficult time because they are aware of how much you loved them. Thank you for your leadership, your patriotism, your service, your remarkable Christian and Military example to all of us. May you have smile on your face as you climb to the heights and touch the face of GOD. I miss you my friend. You have encouraged us all. Joe Finch =:)*
