“ So glad I was able to spend more time with her after retiring. I will always remember her as “Cool Grandma” as that was her name when we went out for lunches with our Hats. She loved wearing her hat so I had to purchase one for myself & we started lunching with them. She was Cool Grandma as she was always cold & I was Hot Grandma because I’m always warm. We would get compliments on our hats. We were planning on going again as soon as she was out of hospital. I’ll miss those lunches & our time together laughing. 💖
